100 Horns.....	4 1/2	4 1/2	4 1/2	4 1/2

### IMPORTANT NEW SILVER DISCOVERY.

Some important new discoveries of silver have been made in Long Valley District, about fifty miles south of Bullionville. We have examined sample ore from one of these new ledges, the Green Monster, which must not be confounded with the Hiko vein of the same name—and must say it is one of the finest specimens of silver ore we ever saw. With considerable chloride of silver it carries a small percentage of copper, and all the assaying tests, so far, have run up to the hundreds per ton, while selected rock has reached as high as \$2,700. The ledge is enormous in extent, being from seven to ten feet wide, and it has been clearly traced two miles and a half. A shaft has been sunk fifty feet, and the ore body disclosed at the bottom is six feet wide and is remarkably rich. The ores of Long Valley seem to be free milling ores. Prominent among those interested in the development of the district are C. C. Bradley, Captain C. R. Carden, of the Board of County Commissioners, Henry Shafer, Samuel McManis, T. Harrigan, J. Noel, Judge Fuller and Postmaster James. There is prospect of a mill going into the Long Valley District this spring or early in the summer. Capital, it would seem, is only necessary to give the mineral wealth of that section great prominence among the silver producing districts. The natural working facilities are good.

### FURTHER GENEROUS SUBSCRIPTIONS FOR THE BENEFIT OF GEORGE MCKEAN.

The American Flag Company have subscribed and deposited in favor of George McKean the generous sum of \$201.50; and the Hermes Company have given \$114—on their part equally liberal, when we consider that the greater number of men are now engaged in the former mine. The prospect is bright for the proposed sum of \$3,000 being raised; and we, in behalf of our liberal citizens, insist that two-thirds of the amount, or more, shall be deposited in Pioche until Mr. McKean selects his future home, when it will be purchased for him with the express condition in the conveyance that it shall not be encumbered or disposed of during his life-time—the right of willing it, however, being unconditional. This will be bestowing on the worthy man a substantial and lasting benefit.

### LOST IN SNOW STORMS.

Our old friend Judge Josiah Reilly, who left Pioche for Silver Peak District some three weeks ago, got lost in a snow storm between the Fifteen-mile house and Wilson's ranch, about twenty-five miles from this city, and certainly would have perished had he not accidentally got into a coal burner's camp. As it was, some of his toes were badly frozen. As it was not possible to go from the Fifteen-mile house to Wilson's with a vehicle, he was traveling on foot. He finally got through to his destination, and, though quite lame when last heard from, he was doing well, and will save all his toes.

### THE STOPPING OF THE FLORAL MILL.

Why was not a receiver appointed, in the case of the Floral mill, instead of stopping it and putting keepers in to prevent somebody from running off with the mill? Several have asked us this question. Two hundred men are thrown out of employment by its suspension. The Huhn & Hunt ore houses are full and overflowing, and no more is being hoisted because there is no place to put it, and the Superintendent says he will have no more hoisted to the mill until there is a prospect of it being crushed. As soon as the mill starts again full forces will be put to work in the Huhn & Hunt mines.

### GUIDE COLORS TO BE PRESENTED.

Captain Matt. Cannan, of the McMahon Grenadier Guards, of San Francisco, has had a magnificent set of guidons made by Norcross & Co., of San Francisco, which, in behalf of the Grenadiers, will be presented to the McMahon Guards by a young lady of Pioche on the occasion of the opening ball at Army Hall on the night of St. Patrick's Day. The colors are of the most costly nature, in which are beautifully interwoven the living green and golden sunburst of the Emerald Isle. The occasion will be a most interesting one.

### SALE OF GARDEN SEEDS.

G. R. Alexander has already sold nearly four hundred dollars' worth of garden seeds, and orders are coming in daily. This will surprise those who have not taken the trouble to inform themselves of the agricultural developments around Pioche.

## CAPTAIN HANLY'S NEW BLOCK.

Captain Hanly's new stone block on Meadow Valley street is about completed, the basement apartment having been opened for business. It is one of the most elegant structures in the State. The basement, or saloon department, is 66 feet long and 22 wide. The walls are hard finished, and will be plastered with plaster of Paris. The interior wood work is all imported from California, and is most elaborately finished. In the rear of the saloon is a fire-proof store-house, 20x30 in dimensions, with walls which it would seem could not be heated through in any possible conflagration. From the rear, as well as the front, flights of stairs lead up to the second story and into what is probably the most elegant hall in Nevada. Having been engaged by the Meagher Guards when the enterprise of erecting the edifice was projected, it has been christened Army Hall. It is 92 feet long and 22 feet wide, in the clear. Like the basement story, it is plastered in the most substantial manner, and will be elegantly finished with plaster of Paris. In the rear of the hall, and connected with it by a passage-way, is a capacious dressing-room, the finishing and furniture of which will be in keeping with the elegance of the hall. The side-walls of the block are granite, and the rear and front double walls of brick. The roof is thoroughly fire-proof, being composed of mortar five inches deep and covered with tin. The windows are all supplied with massive iron shutters, and the outside doors are also of iron. The best materials have been used throughout. But worthy of especial notice are the outside decorations. The massive and elegantly designed cornices and the window sills are of a solid, smooth-grained stone, procured in Bristol district, which almost rivals marble in beauty. Of the same material is a large tablet set in the center of the front of the hall, on which have been neatly engraved, in letters bold enough to be read half a square distant, the name of the hall and date of erection. A magnificent balustraded porch will be built from the front doors, extending ten feet over the street, from which may be had a pleasing view of the valley lands and mountains north of the city. Planted on the edifice is a stout and beautifully symmetrical flag-staff, 35 feet in height, surmounted by a large golden globe, from which, we opine, the mingled colors of Erin and the United States will not infrequently be unfurled to the breeze, for Captain T. F. Hanly, the owner of this magnificent structure, is both a true Irishman and true American. F. E. Flanagan is the architect, and Daniel Carlin did the stone work, and they may well feel proud of this monument of their mechanical and artistic skill. The block is a credit to Southern Nevada.

### MRS. LOVELL'S RAFFLE.

Mrs. Lovell informs us that her raffle will certainly take place some time between now and the tenth of April. The weather has been so inclement and the streets so impassable for several weeks, that the ladies have found it almost impossible to canvass for the sale of tickets. Mrs. L.'s residence is at the corner of Meadow Valley and Cedar streets, where she will be happy to supply her friends with tickets. She says that if the lottery does not take place within the time mentioned the tickets will be redeemed.

### THE MAN WHO DID THE SHOOTING.

The man who did the shooting the other night at the Floral mill had been appointed keeper, and while acting in that capacity came up town and got drunk, and, returning, stopped at the mill boarding-house and used insulting language, whereupon a carpenter at the house very properly put a large sized lead on him. As soon as the facts were reported to acting Sheriff Van Hagen he discharged Short, putting a sober and reliable man in his place. Then, for revenge, Short did the shooting, as before reported.

### RETURNED.

Our young friend, B. J. Ashim, junior member of the popular mercantile firm of Ashim & Brother, has returned from his two months' visit to San Francisco and through the verdant valleys of the Golden State. He looks as if his travels had agreed with him, but he says he was anxious to get back to Pioche—that he failed to find as lively a town during his tour. He brings encouraging reports of the agricultural prospects throughout Central California, grain never looking better at this season of the year.

### DISBANDED.

The Miners' Union of Pioche has disbanded, having generously, after paying the indebtedness of the institution, turned over for the benefit of George McKean what was left in the treasury, being \$34. We regret that this society went out of existence, as it promised much good to the members individually, as well as benefits to society at large, mutual relief and moral elevation being cardinal principles of the organization.

### LARGE AND VARIED.

Kennard, Clark & Co. have just received a large and varied stock of liquors, wines and cigars from their house in Omaha. They put up liquors and sell them in any quantity desired, from a neat pint pocket-flask to a barrel. For fair, square dealing and liberal terms, call on these gentlemen. Their house is one of the popular resorts of Meadow Valley street.

### MORE COAL DISCOVERIES.

Promising new coal discoveries have been made in Iron county, Utah, but some trouble exists, we are sorry to learn, in regard to titles. Considerable "jumping" has been done, and the jumpers are now away with samples, trying to make sales, while those claiming to be the prior locators are on the ground developing and in possession.

### NEW MINES IN UTAH.

Judge Lovell writes from Iron county, Utah, that himself and party have discovered some very promising silver and copper mines fifty or sixty miles northeast of St. George, in the vicinity of Iron Springs. The ores are represented to be very rich, and the working facilities good.

### SHADE TREES.

A number of citizens are setting out shade trees in front of their residences.

### VEGETABLES.

A large quantity of vegetables arrived from the Utah settlements yesterday.

### J. C. CLARK IS THE ONLY PASSENGER TO ARRIVE BY HAMILTON STAGE THIS AFTERNOON.

## IN MEMORIAM.

At a regular meeting of Pioche Lodge No. 23, I. O. O. F., held March 11, 1873, the following resolutions expressive of the sense of this Lodge on the death of Brother John W. Erisman, late a member of Niantic Lodge, No. 318, of Niantic, Ill., were unanimously adopted:

WHEREAS, It has pleased the Ruler of the Universe, in His all-wise Providence, to remove from our midst our much beloved Brother, John W. Erisman; therefore be it

Resolved, That while we bow to the decree of God, and recognise therein the chastening hand of Providence, we deeply sympathize with the sister of the deceased in this, her hour of affliction.

Resolved, That in the death of Brother Erisman, society has lost a useful member, friends a genial companion, and our Order a true Odd Fellow.

Resolved, That these resolutions be published in the DAILY RECORD; a copy spread on the minutes of this Lodge, and a copy forwarded to the sister of deceased, and a copy to Niantic Lodge, No. 318, of Niantic, Illinois.

H. N. BARNES, J. W. WRIGHT, FRANK COOK, Committee.

Pioche, March 13, 1873.

### IS THE COURT-HOUSE SAFE?

No little apprehension is felt in regard to the condition of the Court-house. It is said the walls are commencing to give—have sprung out several inches in some places. We feel it our duty to give publicity to these apprehensions. The Commissioners should appoint a committee of experts to carefully examine the building, and report upon its condition. If the walls are unsafe it should be vacated until rendered perfectly secure.

### BIG SALE OF STOCK REPORTED.

It is reported on the streets among the knowing ones that there were more stocks sold in San Francisco day before yesterday, than changed hands in two months previously. The fact, it is alleged, was intentionally suppressed in our regular dispatch. One of the leading companies of this district, it is further reported, has been swallowed up by another great company. We give this as we received it—mere rumor.

### IMPORTANT NEW POST ROUTE.

Among the new post routes ordered by the department is one from St. George, Utah, to Wallapai, Arizona. It should have been from Pioche to Wallapai by way of St. George. The travel and correspondence between here and Wallapai are extensive, and constantly increasing in importance.

### THE CAUSE OF DELAY.

The Hamilton stage due Wednesday night did not arrive until yesterday morning about 11 o'clock. The cause of the delay was the breaking of an axle a few miles this side of Hamilton, which made it necessary to return to that place for repairs.

### THE CASE OF THE STATE VS. HUGERTY.

still "drags its slow length along" in the District Court. All yesterday was occupied in the examination of witnesses. Increased interest is being felt in the case as it progresses. The Court-room was crowded.

### THE ST. VINCENT DE PAUL HOSPITAL.

is now without patients, for the first time since it was opened. The occasion is being taken advantage of to improve and extend its accommodations.

### THEATRE.—To-night the beautiful play of the "Marble Heart" will be played for the benefit of John Lindsay, a deserving actor, and we bespeak for him a crowded house.

### J. A. BIDWELL, superintendent of the Crescent mill at Hiko, is in town.

Ore is again being brought to the Crescent, and it will soon start up for steady running.

### ARRIVAL OF JUDGE MESICK.

Judge Mesick, of Virginia city, arrived by last coach. He is employed in the great mining suits pending in the District Court.

### P. McCANNON, an old resident, and formerly Commissioner of Lincoln county, has returned to Pioche, after several months' absence.

### THE NEW NARROW-GAUGE LOCOMOTIVE, when last seen, was a few miles beyond Filmore, and making progress this way rather slowly.

### THE MOVEMENT CONTINUES TOWARDS THE STEPTOE VALLEY IN THE NORTH, and the Muddy Valley in the south, for farming locations.

The trial of J. M. Harrigan, charged with assault with intent to commit murder, is still pending in the Justice's Court.

### PLENTY OF BENZINE CONSUMED YESTERDAY, but the consumers behaved themselves, generally, and no arrests were made.

### THE MUD IS GETTING VERY STIFF. We are told two or three horses pulled their shoes off on Lacour street trying to wade it.

### A CARD FROM JOHN MAGUIRE, explanatory of the McKean benefit, was unavoidably crowded out of this issue.

### THERE IS A DISPATCH AT THE WESTERN Union Telegraph office for Jacob Steiber.

### SEE, in another column, the card of the Society of St. Vincent de Paul.

### ANOTHER large load of shade trees arrived yesterday.

### SPECIAL NOTICES.

[Notices under this head will be charged 50 cents per line for first and 10 cents per line for each subsequent insertion.]

Fresh Garden Seeds at Alexander's. mrtf

For the very best of dental work go to F. C. Nichols, Dentist, Main street. mrtf

Wilson & Solomon, dealers in Cigars, Stationery and Periodicals, at Fulk & McAlpin's. f20-1f

Wilson's Restaurant, next to Halpin's. Fresh bread and cakes. f20-1f

The Alta California Almanac for sale at C. Wiedershold's. f19-1m

Curtiss & Co's California Canned Fruits, Jellies and Jams are far superior to all other brands. For sale by all first-class grocers.

Watches cleaned and warranted to run for two years for \$3.00, at Goodspeed's, next door to the postoffice. jal7-1f

## Saloons, Liquors, Etc.

### MORE EXTENSIVE!

### MORE ATTRACTIVE!

## JOHN C. LYNCH,

Wholesale and Retail Liquor Merchant, Corner Main and Lacour streets,

## PIOCHE,

Also Proprietor of the Long-established and well-known

## FASHION SALOON & CLUB ROOMS,

TAKES PLEASURE IN INFORMING OLD patrons and new ones that he will continue, as heretofore to keep

## THE FINEST WINES,

## LIQUORS

## AND CIGARS

IN THIS MARKET.

Particular attention will hereafter be given

## The Wholesale Trade.

All desiring to stock Bars, in the city or outside camps, are invited to call and sample goods and learn prices

## Before Purchasing Elsewhere.

f28-1f

## A. C. GORDON,

IMPORTER AND WHOLESALE DEALER IN

## Wines, Liquors & Cigars

E. THOMPSON, Agent.

## Fire-Proof Building, Lacour street,

Next Door above the Postoffice,

## PIOCHE - - - - NEVADA.

## Goods Taken on Storage.
